Zerust® ICT® Vapor Capsules

TECHNOLOGY THAT PROTECTS METAL FROM CORROSION

The Solution

Zerust Vapor Capsule diffusers are easy-to-use capsules that emit powerful corrosion inhibiting molecules that settle on metal surfaces protecting them from corrosion. All are compatible with electronics, residue-free, and are designed to work in restricted spaces. Capsules provide multi-metal corrosion protection in almost any enclosure or as a supplement to other Zerust products for added protection. Since Vapor Capsules do not interfere with electrical conductivity or the resistance of contact surfaces, they make protection of enclosed electrical components simple and effective.

Features and Benefits

- Proven corrosion protection
- Easy-to-use
- Fits restricted spaces
- Safe for electronics
- Reduce corrosion incidences
- Improve equipment reliability and readiness
- Reduce need for inspection & rework
- Save money & resources
- Comes with Zerust global on-site support

EU capsule versions are available. Contact Zerust for more information.
Availability
Sold by the case. Call for pricing and quantity information.

Protection Type
Available in multimetal corrosion protection capability.

Shelf Life
Shelf life of 2 years if stored out of direct sunlight, at 85°F or less and in original packaging.

Important Information
Do not install where capsule will be submerged in water.

Avoid repeated use at temperatures above 180°F.

Zerust ICT® Vapor Capsules may yellow paper over time; do not use in the proximity of valuable documents.

Effectiveness
No Protection
Protected by Zerust® Vapor Capsules

Copper

Pitting Corrosion

Steel

Installation
Zerust ICT® Vapor Capsules are easily installed in a matter of seconds without tools or specialized labor. Simply peel the cover tape from the adhesive backing and affix to most surfaces.

Corner Positioning
Center Positioning
Side Positioning

Optional reinforcement of vapor capsules are available via a cable tie, especially for those highly vibratory areas.

Warranty and Disclaimer Information:
We guarantee our products conform to documented quality specifications. Product information subject to change without notice. We make no warranty of any kind expressed or implied as to the effects of use (including, but not limited to, damage or injury). Before use, Buyer/User shall determine suitability of the product for its intended use, and Buyer/User assumes all risk and liability in connection therewith. All statements, technical information and recommendations contained herein are based on testing and experiences NTIC believes to be reliable, but the accuracy or completeness thereof is not guaranteed. Buyer/User agrees that, if product proves to be defective, Seller’s obligation shall be to replace or refund the purchase price of such product at Buyer’s option. Seller shall not be liable in tort or contract for any loss or damage, incidental or consequential. See www.zerust.com/warranty
